CYCLING
CONFEDERATION

Dear Presidents:

Lima is a privileged city. In a few weeks, we will welcome the best cyclists on the continent, who are the present and future of this discipline. The Junior Pan American Track Championship, to be held from July 17 to 22, is a great opportunity to see those who will later seek to shine at the Junior Pan American Games in Asunción (just a month later) and at the senior Pan American Games, again in Lima, in 2027.

To this end, we are preparing to make the experience of being in Peru fun and unforgettable.

The Peruvian National Cycling Federation thanks you for being part of this competition and extends our warmest welcome. We can assure you that it will be a spectacular event, even more so with you on the track.

Sincerely,

Gianni Delucchi Piccone
President FDPC
Organizing Committee President

THE EVENT

The Peruvian National Cycling Federation is pleased to invite cyclists from your country to participate in the Junior Pan American Track Championship, which will take place from July 17 to 22, 2025 at the Velodrome of the **Villa Deportiva Nacional (VIDENA)**.

CITY: LIMA - PERÚ

Lima is the capital city of the Republic of Peru. Located on the country's central coast, on the shores of the Pacific Ocean, it reaches an altitude of 101 meters above sea level. The Lima coastline is cloudy almost year-round, extending up to 15 meters from the beaches, depriving it of solar radiation. The sun appears at the end of spring, and in summer, the increase in heat coincides with the rise of rivers due to the Andean rains. The city of Lima, located on the coast, has an arid, semi-hot climate with an average annual maximum temperature of 21.97°C (71.4°F) and minimum of 17°C (62.7°F).

Lima's tourist attractions do not go unnoticed by travelers visiting South America. The country's capital blends the traditional with the modern. Its spaces offer archaeological sites, churches, plazas, and buildings with admirable architecture, parks, and restaurants. Lima is the only South American capital with access to the Pacific Ocean. Its beaches with big waves are a surfer's paradise, and its wide seawalls offer spaces to enjoy the views and the sea breeze.
