

# Copa Lima de Pista C2

DEL  
20 AL 24  
DE MAYO

## COPA FEDERACIÓN DE PISTA C2

## Welcome to Lima, Peru

Dear Presidents,

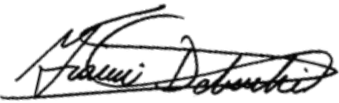

Lima is a privileged city. In the month of May we will welcome outstanding cyclists from across the continent, who represent the highest competitive level in track cycling.

The Lima Track Cup C2 and the Federation Track Cup C2 will take place from May 20 to 24, 2026, consolidating our capital as a key venue for track cycling in the region and reaffirming its organizational capacity for high-level international events.

For this purpose, we are preparing so that the experience of being in Peru is fun and unforgettable.

The Peruvian Cycling Federation thanks you for being part of this event and extends to you the warmest welcome. We can assure you that it will be a spectacular event, even more so with you on the track.

Sincerely,

Gianni Delucchi Piccone  
President FDPC

President of the Organizing Committee

## LIMA – PERÚ

The Peruvian Cycling Federation has the pleasure of inviting the National Federations and teams to participate in the Lima Track Cup C2 and the Federation Track Cup C2, which will be held from May 20 to 24, 2026 at the Velodrome of the National Sports Village (VIDENA).

Lima is the capital city of the Republic of Peru. It is located on the central coast of the country, on the shores of the Pacific Ocean, and sits at an approximate altitude of 101 meters above sea level. The Lima coastline presents cloudiness during much of the year, mainly in a coastal strip that extends up to approximately 15 kilometers inland, which limits solar radiation.

The presence of the sun increases toward the end of spring and during the summer, a season in which the increase in temperature coincides with the rise of the rivers, as a result of rainfall in the Andean zone. Lima has an arid and semi-warm climate, with an average annual maximum temperature of 21.97 °C (71.4 °F) and an approximate minimum of 17 °C (62.7 °F).

The tourist attractions of Lima stand out among the main destinations in South America.

The capital harmoniously combines tradition and modernity, offering visitors archaeological sites, churches, squares, and buildings of notable architectural value, as well as parks and a renowned gastronomic offer.

Lima is the only South American capital with direct access to the Pacific Ocean. Its beaches, characterized by large waves, are a reference for the practice of surfing, and its waterfront promenades provide ideal spaces to enjoy the coastal landscape and the sea breeze.

## VELODROME CHARACTERISTICS:

- Track Length: 250 m
- Infrastructure: Covered
- The track surface is wooden
- Located at VIDENA, Av. San Luis 1221 (Gate 7), San Luis 15021

### ACCOMMODATION:

The organization will not provide free accommodation; however, for delegations or teams that wish, we can offer accommodation services at a preferential rate at the VIDENA hostel. This accommodation is located 100 meters from the velodrome and is within the same sports complex. Meals can also be provided for those who wish at a reasonable cost in the same dining hall located in the accommodation building, so delegations will not need to leave the venue to look for food in the area.

The cost of accommodation, based on quadruple rooms, is US\$ 60.00 (sixty and 00/100 US dollars) per room per day for up to 4 persons. The cost of meals is US\$ 50.00 (fifty and 00/100 US dollars) per person per day, which includes breakfast, lunch, and dinner. In case the accommodation and/or meal service is taken, these must be paid in advance upon arrival at VIDENA in cash or by bank transfer to the accounts of the Peruvian Cycling Federation, and the deadline to make reservations is April 25 in order to guarantee availability. ([administracion@fedepeci.pe](mailto:administracion@fedepeci.pe) cc. [presidencia@fedepeci.pe](mailto:presidencia@fedepeci.pe)).
